

# Next Session Goal Worksheet

Names: \_\_\_\_\_

Use this document to plan your goals for the next session, including what you plan to get done, any obstacles to getting it done, and how you might overcome these obstacles.

When planning out your next session goals make, try to make it something that is **challenging but achievable**. It might also help you to break it down into smaller sub-goals/problems (just like what you did when planning out the entire app you are building)

## Session Reflection

1. What did you accomplish in this last session?
2. What unforeseen challenges did you face?
3. How did you overcome them (did you)?
